

Wavelength Capital Management Strengthens Leadership Team with New Director of Finance and Operations

NEW YORK, February 9, 2022 – Wavelength Capital Management, LLC (“Wavelength”), a leading systematic asset manager, announced the appointment of Jennifer Jian as Director of Finance and Operations today. In her role, she will be responsible for financial accounting, planning and analysis as the firm builds on its capacity to provide forward-thinking investment solutions to clients.

"We are thrilled to have Jennifer join Wavelength. She fits with our performance-oriented culture, and we believe her stellar reputation for delivering exceptional results makes her the right choice to drive the expansion of our finance and operational areas," said the firm's Co-CEO, Mark Landis. "Jennifer brings key experience and expertise to our team, and her input will be critical in our mission to help clients meet their investment goals in a changing market environment," added Andrew Dassori, Wavelength's Co-CEO and Chief Investment Officer.

Jennifer Jian comes to Wavelength at an important inflection point as the firm prepares for its next phase of growth. With 12+ years of experience, she most recently served as the Senior Manager of Finance and Operations at the Tent Foundation, a 501(c)(3) charitable organization focused globally on improving the lives of refugees. Prior to this role, she was the Director of Finance and Operations at HNA Capital, and she started her career in Private Equity and Hedge Fund Services at Citigroup. Jennifer is a Certified Public Accountant and holds BA and BSBA degrees, Cum Laude, from Boston University.

"I am very excited to join Wavelength, where I believe the potential to create value is tremendous based on the investment infrastructure that is in place and the passionate people behind it. Having worked in similar leadership roles at other organizations, I am confident that we can develop and execute on plans to drive consistent growth as the investment industry evolves," explained Jian. She added, "I look forward to becoming an integral part of the Wavelength family as we seek to solve problems for clients with innovative investment solutions."

About Wavelength

Wavelength Capital Management is a forward-thinking asset management firm founded in 2013 that specializes in systematic investment solutions. Our factor-based approach applies quantitative tools to process fundamental market and economic information. We are a trusted partner to clients and strive to deliver the best balance of risk and return for their financial future.
